

GREATERSPORT AND CHANGING LIVES

GreaterSport is the leading organisation for sport and physical activity in Greater Manchester, and holds a unique body of expertise, knowledge and strategic connections across a wide range of organisations.

As a small team, GreaterSport leads and advocates partnership working with a network of organisations that form the Greater Manchester Sports Partnership.

As an independent company Limited by Guarantee and a registered Charity, GreaterSport has been asked by the Association of Greater Manchester Authorities to champion Changing Lives and be the coordinator of Greater Manchester's 2012 Sport and Physical Activity Legacy Plan.

Greater Manchester Sports Partnership

HOW WILL WE MAKE IT HAPPEN

GreaterSport and the Greater Manchester Sports Partnership are part of Changing Lives which has the power to impact upon the life of every adult, child and new born in Greater Manchester in the run up to and in the years following the 2012 Olympics and Paralympics.

Collectively we have agreed to do the following things:

1. Support parents and carers of children under 5 to help young people develop the vital early movement and dexterity skills that form the bedrock of life long activity.
2. Ensure that young people are entitled to the best and most appropriate opportunities available to them by joining together education and community sport.
3. Drive forward a change in lifestyle that sees 50,000 more adults taking part in a minimum of 3 x 30 minutes of physical activity a week by 2012.
4. Ensure that National Governing Bodies of Sport are helped to attract and retain more people of all ages to their sports by improving the number of clubs, coaches and volunteers.

Greater Manchester have additionally committed to the challenge of developing innovative mass participation events that appeal to the people of Greater Manchester so that they become the living legacy of Changing Lives.
